| 41 | Dec 9, 2024 | MINUTES (Text Only) for proceedings held before Magistrate Judge Chi Soo Kim: MOTION HEARING as to Daragh Finbar Hayes held on 12/9/2024: Defense counsel and Government counsel present. Defendant's appearance waived (ECF No. 39 ). Hearing held on Defendant's Motion to Unseal (ECF No. 32 ). The Court discussed the United States v. Harris case cited by defense counsel in their motion to unseal (ECF No. 32 at 6, 10), and reply (ECF No. 37 at n.3). The Court advised the cited United States v. Harris case appears to be fictitious, with the wrong case name, wrong district court, and wrong year identified, and language quoted in defense motion and then identified in defense reply as coming from United States v. Broussard did not appear in either United States v. Broussard case. The Court provided both defense and government counsel with hard copies of United States v. Broussard cited by defense counsel in his reply, and defense counsel was not able to locate the language defense counsel quoted. Defense counsel advised the Court the case was cited in error. The Court DENIED the Motion to Unseal on the following bases: 1.) The motion to unseal is an improper motion for reconsideration of Judge Claire's denial of defendant's motion to compel and Judge Claire's October 30, 2024 order. 2.) The parties agreed that the stipulated Protective Order para. 12 (ECF No. 35 ) covered part of the categories argued by defense re: relationship to defendant, and the Court found it partially mooted defense counsel's request; defense counsel conceded no legal authority cited that Protective Orders are not retroactive. The Court noted that the filing at ECF No. 25 does comply with Judge Claire's October 30, 2024 order (ECF No. 24 ). The Court advised defense counsel the public would have had access to the redacted version of their motion earlier, had defense filed the redacted motion close in time to when they were given notice by the Clerk's Office to file a redacted version. The Court also addressed and rejected the defendant's arguments regarding conduct by the Clerk of Court and government counsel as to temporary sealing of ECF 16 as lacking any support or merit. The Court found the Clerk of Court's conduct and |

government action notifying Clerk of failure to seal defendant's motion to compel ECF No. 16 were proper. The Court cited ECF No. 17 (Clerk's Docket Correction), and temporary sealing of ECF 16 while sealing issues were addressed. The Court also rejected defendant's argument that the Clerk did not comply with Local Rule 140(e), finding defendant's interpretation of Local Rule 140(e) to be incorrect, and noting it is the responsibility of the parties to comply with Local Rule 140. The Government requested the Court make a finding of excludable time as stated on the record. Defense counsel did not oppose the request. The Court excluded time under Local Code T4 (12/9/2024- 12/19/2024). Government Counsel: Christina McCall present. Defense Counsel: Andrew Francisco present. Custody Status: In Custody (Waiver of Appearance). Court Reporter: ECRO. (Waldrop, A) (Entered: 12/10/2024)
