Legal AI engineered to work at the level of a senior associate

CoCounsel Legal is the only AI that reasons from authoritative Westlaw content, trusted Practical Law guidance, and your organization's own knowledge. From a single query, it handles research, analysis, and drafting, developing the right legal approach, working through each step, and delivering polished, cited work product — no prompt engineering required.

0:08 / 0:08

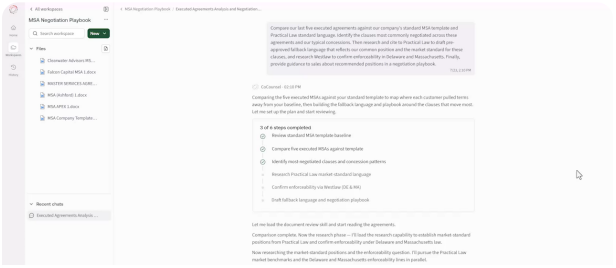

Reasons through your matter, step by step

Describe what you need in plain language and CoCounsel Legal builds a tailored step-by-step plan with transparent reasoning that you can inspect from start to finish.

Why legal professionals are choosing CoCounsel Legal

CoCounsel Legal, built on the sources Albright Yee & Schmit already trusts

CoCounsel Legal brings trusted research directly into Word — efficient, reliable, and right where Albright Yee & Schmit works.

Why Robinson & Cole trusts CoCounsel Legal for research

Attorneys turned to Deep Research and Litigation Document Analyzer first — trusted, Westlaw-grounded tools built for real casework.

Why Troutman Pepper Locke calls CoCounsel Legal a total game-changer

Attorneys ask plain-language questions and see the step-by-step approach, grounded in Westlaw and Practical Law — no fixed workflow to follow.
